These cabs are hired on contract and their operators and drivers are not properly monitored to ensure safe & secure transportation of employees, resulting in grave danger to human life, safety & security of employees, especially women employees. 5. Choose the route in such manner that as far as possible a woman employee is not the first one to be picked up or the last to be dropped.
6. Ensure that during night hours, the cab involved in transportation of women employees pick-up and drop such employee right in their house and remain halted at the point where the women employee is dropped till she confirms her arrival at their residence/place of stay through a telephone call.
7. Ensure that whenever the house of a woman employee is so located that the approach road is not motor-able, the duly verified security guard or the male colleague, during night hour, accompanies the employee on foot up to her house & takes a confirmation about her safe arrival.
8. Exercise effective check & control on the vehicles movement in order to check any unwarranted activities of the cab drivers, such as picking up strangers, straying away from the designated route, etc.
